		Cataloging and Authorities (Cheney)			Reports and Statistics (Moeller, Bruss)				
		Circulation (Dickson)			Circulation (Helwig)				
		Systems Administration (Wordsworth)			Other (Brenda Kliethermes)				

Innovative's Pre-Conference Seminars

9:30 - 11:30 SEMINAR #1	11:30 - 1:30	1:30 - 2:30 SEMINAR #2	2:30 - 3:00	3:00 - 5:00 SEMINAR #3
<p>Using Millennium Acquisitions as a budgeting tool. Description: A well designed acquisitions module can help you to see where you have been and help you to see where you are going. Your fund codes should allow you to see your spending in multiple ways, from the point of view of the business office, the point of view of the subject specialists, and the point of view of the library administration. In addition, you can use the module to track trends in spending and extrapolate into the future. There is a lot of information to be gleaned from your records if you use all the tools available. Presenters: Georgia Fujikawa, Joe Wojtowicz</p>	Lunch	<p>Making a bigger splash with what you have: marketing for what's going on. Description: Your library has offerings that go far beyond the materials on the shelf. You offer classes, tutoring, performances, workshops, speakers series, as well as lists of materials, ideas, study guides, and recommendations. There are lots of good ideas out there and many ways to approach highlighting your services. This 1-hour session will provide some overview materials and then look at interesting projects at Millennium libraries. Presenters: Georgia Fujikawa, Gene Shimshock</p>	Break	<p>Discovering Encore – how to leverage and configure Encore to make sure everything the library has to offer is found by your patrons. Description: In a world with Google and Amazon, it isn't enough just to show your patrons your catalog holdings or the names of the databases to which you subscribe. Patrons expect more. It is important to be able to access the information contained in journal articles, in review media, in image databases, in community tags, as well as what is on course reserves or has been recently added to the collection. We'll review some of the many options and configurations that are possible within Encore including how it can integrate with your Library or Institution Home Page and ideas for presenting content whether it is harvested data, pathfinders, or journal articles. Presenter: Hilary Newman and other Encore Services staff</p>

Main Conference Day #1 - Monday, April 19, 2010

9:00 - 11:00	11:00 - 11:45	11:30 - 12:30	D - 1:30 - 2:30		E - 3:00 - 4:00		F - 4:30 - 5:30		8pm - 10pm		
Opening Session	Poster Sessions	Innovative Law Users Lunch	D1	Output Accounting with ORACLE	Acquisitions and Serials (Coulter)	E1	Customer Services Forum	Other (Rigda, Ahlmann, Westall)	F1	Circulation Forum	Circulation (Brigham, Boland, Leckbee)
			D2	A bugbear in the library!	Encore (Allison, Stierwalt, Ranallo, Stokes)	E2	Spine label printing with Print Templates (also at N2)	Cataloging and Authorities (Setter)	F2	ResearchPro and Encore Implementation 101	Encore (Erlandson, Erb, Wilson)
			D3	Blogs, Wikis, and Innovative Software: Redux	Other (Preston)	E3	Inventory At Last! The NIH Library's Experience with CIRCA	Circulation (Landesman)	F3	Using the ERM load coverage to enhance records	ERM (de la Fontaine)
			D4	Create Lists: Let's Rev the Engine (also at P5)	Reports and Statistics (Buck)	E4	Creating a Customer-Centered Collection	Acquisitions and Serials (Fifarek)	F4	Playing With Matches: Using Regular Expressions in Create Lists (also at O6)	Reports and Statistics (Jackson)
			D5	You Don't Need A Rocket Scientist: 10 Easy Ways To Dress Up The OPAC (also at P6)	WebPAC (Clasper)	E5	Single Sign-On Implementation in the Dartmouth College OPAC	Systems Administration (Fritz)	F5	Lightning Round: Behind the Scenes	Other (Souto, Carson)
